### Where Do I Sleep Next?

So queries Albert C. Jones of the 140th Infantry, 35th Division as he drops into rhyme after the following fashion:

"I've slept in a cradle, and I've slept in arms when I was a baby, then unconscious of alarms; I've slept on the prairie shooting the duck and the goose, and slept in the bush, hunting elk and the moose; I've slept on steamboats with my head on the deck, and I've slept in a church with a crick in my neck; I've slept in wide fields under the stars, and I've slept on trains in ancient box cars; I've slept in beds of purple and gold, and slept in Flanders, out in the mud and the cold; I've slept in the dugout with the rat and the mouse and have slept in France in a fairly good house. I've slept in a barn on a bale of coarse straw, and I've slept in sheds with no bed at all. I've slept in a billet on a floor of hard brick, and I've slept on a bank alongside of a creek. I've slept in most places where you cannot get rest and I've slept with those little grey things in my vest. I'm sleeping now on a stretcher of wire as I pray that my next sleep will be near a fire. I'm tired of the wet and the road and the cold, and I will not be sorry when I sleep in the fold."—Dunklin County News.

## DULL AND SHARP SHOOTING PAINS

Michigan Lady Suffered Such Pains In Back and Head, But Says Cardui Stopped These Bad Spells.

Palmyra, Mich.—Mrs. Chas. T. Fuller, of this place, writes: "In 1911 I got run-down, and I suffered great pain...with both dull and sharp shooting pains...also back and head I was weak and could only drag around, and should have been in bed, for I really wasn't able to be up. At times I would have spells that would be so bad I'd have to go to bed, and suffered intensely..."

I decided to try Cardui, and saw a great improvement in less than a month's time. I used 7 or 8 bottles and was stronger...I got so much better that my strength returned and my work was easy for me. Cardui did me a world of good. It built me up in health and strength. I haven't had one of those bad spells since. I haven't had to take any more medicine since or have any doctors either and have been able to do my work right along...I recommend it to other women highly as the best medicine I know of for women who suffer from female trouble."

If you suffer from female troubles, follow this advice. Get a bottle of Cardui today and give it a thorough trial. It should help you, as it has helped thousands of other women in the past 40 years. At all druggists.

**THRIFT IS  
..PREPAREDNESS..**

Financial strength is to nations as important as military strength. No nation can survive a war if it cannot finance itself.

The man who fortified himself with an account in a savings bank does more than prepare himself—he contributes to the preparedness of the country.

Germany, unable to borrow from other countries, has been financed by the thrift of her people, as this thrift was expressed in accounts in savings banks.

A savings bank deposit helps the nation and is indispensable to the individual.
